	100mm		Private Sewer Transfer
	150mm		Latent Drain
	200mm		Inspection Chamber

Notes:

Whilst every reasonable effort has been taken to correctly show the pipes installed by Dŵr Cymru, there is a possibility that in some cases pipe materials (other than Asbestos Cement or Pitch Fibre) may be found to be asbestos cement (AC) or Pitch Fibre (PF). It is therefore advisable that the possible presence of AC or PF pipes be anticipated and considered as part of any risk assessment prior to excavation.

Dŵr Cymru Cŵl gives the information as to the position of its underground apparatus by way of general guidance only on the basis of understanding that it is based on the best information available and no warranty as to its correctness is given apart from the extent of an excavation or other works made in the vicinity of the Company's apparatus and any signs of locating the apparatus before carrying out any excavation made entirely on site. It must be understood that the showing of the apparatus is strictly vertical projection to the position of the main roads and streets of the Act 1991 and of the Company's right to be compensated for any damage to its apparatus.

Service pipes are not generally shown but their presence should be anticipated.

**EXACT LOCATIONS OF ALL APPARATUS TO BE DETERMINED ON SITE.**
