

This is a black and white architectural elevation drawing of a house. The house features a gabled roof on the left side, which transitions into a horizontal section with a dormer window. The main body of the house is a simple rectangle. On the left side of the main body is a tall, narrow window. In the center of the main body is a front door with a small transom window above it. To the right of the door is a window with two vertical panes. The drawing is a line sketch with no shading or texture.

An architectural elevation drawing of a two-story house. The house features a gabled roof with a large chimney on the left side. The main body of the house is a rectangle with a central entrance door and a small arched window to its right. Above the entrance is a double-hung window with a small balcony. To the left of the entrance is another double-hung window. On the right side of the house, there is a single window with a small balcony. The roof has two small square dormers. The drawing is a line art illustration with no shading.

This is a black and white architectural elevation drawing of a two-story house. The house features a gabled roof with three dormer windows, each containing two panes. The second floor has three rectangular windows, each with two panes. The ground floor includes a central entrance door with a decorative arch and a small window above it, flanked by two sets of double windows, each with a decorative arch and a small window above it. The drawing is a line art representation, showing the structural details and proportions of the building.
