Dear Sir/Madam

**Town and Country Planning Act, 1990 (as amended)**  
**Location : David Davies Road, Woodham Road, Barry**  
**Proposal : Outline application for a wood fired renewable energy plant.**  
**Subject : Welsh Government consultation on voluntary Environmental Impact Assessment**

I am writing with regard to the above site and the ongoing review of the voluntary Environmental Impact Assessment that has been submitted by the developer to Welsh Government.

As background, the developer submitted a voluntary Environmental Impact Assessment (EIA) to Welsh Government (WG) in September 2019. WG has appointed a consultant (Wardell Armstrong) to review this EIA and part of this process involves collecting representations and responses from consultees, interested parties/organisations and members of the public. While that consultation period was initially due to expire on the 17<sup>th</sup> November 2021, it has now been extended until 17<sup>th</sup> January 2022. Once this period has expired, the consultant will collate the responses and this will inform the review of the EIA.

I am writing to advise you of this new consultation period and to make you aware of the extended opportunity to make representations to this review. It is important that the local community is aware of this consultation exercise and the full scope of timescales to make comments.

The consultation documents are currently held at the Vale of Glamorgan Council Dock Office or they can be viewed online at:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Consultations responses and representations can be submitted on the above webpage, or they can be sent to:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Please note that while the documents can be viewed at the Council offices, this consultation is being administered by Wardell Armstrong on behalf of Welsh Government and it is not a Vale of Glamorgan Council consultation. Representations should therefore be sent to the above address, and not the Vale of Glamorgan Council.

Yours faithfully

Mr. I. Robinson  
**for Operational Manager Development Management**

Dear Sir/Madam

**Town and Country Planning Act, 1990 (as amended)**

**Location : David Davies Road, Woodham Road, Barry**

**Proposal : Outline application for a wood fired renewable energy plant.**

**Subject : Welsh Government consultation on voluntary Environmental Impact Assessment**

I am writing with regard to the above site and the ongoing review of the voluntary Environmental Impact Assessment that has been submitted by the developer to Welsh Government.

As background, the developer submitted a voluntary Environmental Impact Assessment (EIA) to Welsh Government (WG) in September 2019. WG has appointed a consultant (Wardell Armstrong) to review this EIA and part of this process involves collecting representations and responses from consultees, interested parties/organisations and members of the public. While that consultation period was initially due to expire on the 17<sup>th</sup> November 2021, it has now been extended until 17<sup>th</sup> January 2022. Once this period has expired, the consultant will collate the responses and this will inform the review of the EIA.

I am writing to advise you of this new consultation period and to make you aware of the extended opportunity to make representations to this review. It is important that the local community is aware of this consultation exercise and the full scope of timescales to make comments.

The consultation documents are currently held at the Vale of Glamorgan Council Dock Office or they can be viewed online at:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Consultations responses and representations can be submitted on the above webpage, or they can be sent to:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Please note that while the documents can be viewed at the Council offices, this consultation is being administered by Wardell Armstrong on behalf of Welsh Government and it is not a Vale of Glamorgan Council consultation. Representations should therefore be sent to the above address, and not the Vale of Glamorgan Council.

Yours faithfully

Mr. I. Robinson

Dear Sir/Madam

**Town and Country Planning Act, 1990 (as amended)**  
**Location : David Davies Road, Woodham Road, Barry**  
**Proposal : Outline application for a wood fired renewable energy plant.**  
**Subject : Welsh Government consultation on voluntary Environmental Impact Assessment**

I am writing with regard to the above site and the ongoing review of the voluntary Environmental Impact Assessment that has been submitted by the developer to Welsh Government.

As background, the developer submitted a voluntary Environmental Impact Assessment (EIA) to Welsh Government (WG) in September 2019. WG has appointed a consultant (Wardell Armstrong) to review this EIA and part of this process involves collecting representations and responses from consultees, interested parties/organisations and members of the public. While that consultation period was initially due to expire on the 17<sup>th</sup> November 2021, it has now been extended until 17<sup>th</sup> January 2022. Once this period has expired, the consultant will collate the responses and this will inform the review of the EIA.

I am writing to advise you of this new consultation period and to make you aware of the extended opportunity to make representations to this review. It is important that the local community is aware of this consultation exercise and the full scope of timescales to make comments.

The consultation documents are currently held at the Vale of Glamorgan Council Dock Office or they can be viewed online at:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Consultations responses and representations can be submitted on the above webpage, or they can be sent to:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Please note that while the documents can be viewed at the Council offices, this consultation is being administered by Wardell Armstrong on behalf of Welsh Government and it is not a Vale of Glamorgan Council consultation. Representations should therefore be sent to the above address, and not the Vale of Glamorgan Council.

Yours faithfully

Mr. I. Robinson

Dear Sir/Madam

**Town and Country Planning Act, 1990 (as amended)**  
**Location : David Davies Road, Woodham Road, Barry**  
**Proposal : Outline application for a wood fired renewable energy plant.**  
**Subject : Welsh Government consultation on voluntary Environmental Impact Assessment**

I am writing with regard to the above site and the ongoing review of the voluntary Environmental Impact Assessment that has been submitted by the developer to Welsh Government.

As background, the developer submitted a voluntary Environmental Impact Assessment (EIA) to Welsh Government (WG) in September 2019. WG has appointed a consultant (Wardell Armstrong) to review this EIA and part of this process involves collecting representations and responses from consultees, interested parties/organisations and members of the public. While that consultation period was initially due to expire on the 17<sup>th</sup> November 2021, it has now been extended until 17<sup>th</sup> January 2022. Once this period has expired, the consultant will collate the responses and this will inform the review of the EIA.

I am writing to advise you of this new consultation period and to make you aware of the extended opportunity to make representations to this review. It is important that the local community is aware of this consultation exercise and the full scope of timescales to make comments.

The consultation documents are currently held at the Vale of Glamorgan Council Dock Office or they can be viewed online at:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Consultations responses and representations can be submitted on the above webpage, or they can be sent to:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Please note that while the documents can be viewed at the Council offices, this consultation is being administered by Wardell Armstrong on behalf of Welsh Government and it is not a Vale of Glamorgan Council consultation. Dear Sir/Madam

**Town and Country Planning Act, 1990 (as amended)**  
**Location : David Davies Road, Woodham Road, Barry**  
**Proposal : Outline application for a wood fired renewable energy plant.**  
**Subject : Welsh Government consultation on voluntary Environmental Impact Assessment**

I am writing with regard to the above site and the ongoing review of the voluntary Environmental Impact Assessment that has been submitted by the developer to Welsh Government.

As background, the developer submitted a voluntary Environmental Impact Assessment (EIA) to Welsh Government (WG) in September 2019. WG has appointed a consultant (Wardell Armstrong) to review this EIA and part of this process involves collecting representations and responses from consultees, interested parties/organisations and members of the public. While that consultation period was initially due to expire on the 17<sup>th</sup> November 2021, it has now been extended until 17<sup>th</sup> January 2022. Once this period has expired, the consultant will collate the responses and this will inform the review of the EIA.

I am writing to advise you of this new consultation period and to make you aware of the extended opportunity to make representations to this review. It is important that the local community is aware of this consultation exercise and the full scope of timescales to make comments.

The consultation documents are currently held at the Vale of Glamorgan Council Dock Office or they can be viewed online at:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Consultations responses and representations can be submitted on the above webpage, or they can be sent to:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Please note that while the documents can be viewed at the Council offices, this consultation is being administered by Wardell Armstrong on behalf of Welsh Government and it is not a Vale of Glamorgan Council consultation. Representations should therefore be sent to the above address, and not the Vale of Glamorgan Council.

Yours faithfully

Mr. I. Robinson

**Proposal : Outline application for a wood fired renewable energy plant.**

**Subject : Welsh Government consultation on voluntary Environmental Impact Assessment**

I am writing with regard to the above site and the ongoing review of the voluntary Environmental Impact Assessment that has been submitted by the developer to Welsh Government.

As background, the developer submitted a voluntary Environmental Impact Assessment (EIA) to Welsh Government (WG) in September 2019. WG has appointed a consultant (Wardell Armstrong) to review this EIA and part of this process involves collecting representations and responses from consultees, interested parties/organisations and members of the public. While that consultation period was initially due to expire on the 17<sup>th</sup> November 2021, it has now been extended until 17<sup>th</sup> January 2022. Once this period has expired, the consultant will collate the responses and this will inform the review of the EIA.

I am writing to advise you of this new consultation period and to make you aware of the extended opportunity to make representations to this review. It is important that the local community is aware of this consultation exercise and the full scope of timescales to make comments.

The consultation documents are currently held at the Vale of Glamorgan Council Dock Office or they can be viewed online at:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Consultations responses and representations can be submitted on the above webpage, or they can be sent to:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Please note that while the documents can be viewed at the Council offices, this consultation is being administered by Wardell Armstrong on behalf of Welsh Government and it is not a Vale of Glamorgan Council consultation. Representations should therefore be sent to the above address, and not the Vale of Glamorgan Council.

Yours faithfully

Mr. I. Robinson

**Pwnc: Ymgynghoriad Llywodraeth Cymru ar Asesiad o'r Effaith Amgylcheddol gwirfoddol**

Ysgrifennaf ynglŷn â'r safle uchod a'r adolygiad parhaus o'r Asesiad o'r Effaith Amgylcheddol gwirfoddol a gyflwynwyd gan y datblygwr i Lywodraeth Cymru.

Fel cefndir, cyflwynodd y datblygwr Asesiad o'r Effaith Amgylcheddol (AEA) gwirfoddol i Lywodraeth Cymru (LIC) ym mis Medi 2019. Mae LIC wedi penodi ymgynghorydd (Wardell Armstrong) i adolygu'r AEA hwn ac mae rhan o'r broses hon yn cynnwys casglu sylwadau ac ymatebion gan ymgynghoreion, partiïon/sefydliadau â diddordeb ac aelodau o'r cyhoedd. Er bod y cyfnod ymgynghori hwnnw i fod i ddod i ben yn wreiddiol ar 17 Tachwedd 2021, mae bellach wedi'i ymestyn tan 17 Ionawr 2022. Ar ôl i'r cyfnod hwn ddod i ben, bydd yr ymgynghorydd yn casglu'r ymatebion a bydd hyn yn llywio'r adolygiad o'r AEA.

Ysgrifennaf atoch i'ch hysbysu am y cyfnod ymgynghori newydd hwn a'ch gwneud yn ymwybodol o'r cyfle estynedig i gyflwyno sylwadau i'r adolygiad hwn. Mae'n bwysig bod y gymuned leol yn ymwybodol o'r ymarfer ymgynghori hwn a chwmpas llawn yr amserlenni i wneud sylwadau.

Mae'r dogfennau ymgynghori yn cael eu cadw yn Swyddfa'r Dociau Cyngor Bro Morgannwg ar hyn o bryd neu gellir eu gweld ar-lein yn:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Gellir cyflwyno ymatebion a sylwadau i'r ymgynghoriadau ar y dudalen we uchod, neu gellir eu hanfon at:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Sylwer, er y gellir gweld y dogfennau yn swyddfeydd y Cyngor, mae'r ymgynghoriad hwn yn cael ei weinyddu gan Wardell Armstrong ar ran Llywodraeth Cymru ac nid yw'n ymgynghoriad gan Gyngor Bro Morgannwg. Felly, dylid anfon sylwadau i'r cyfeiriad uchod, ac nid Cyngor Bro Morgannwg.

Dear Sir/Madam

**Town and Country Planning Act, 1990 (as amended)**  
**Location : David Davies Road, Woodham Road, Barry**  
**Proposal : Outline application for a wood fired renewable energy plant.**  
**Subject : Welsh Government consultation on voluntary Environmental Impact Assessment**

I am writing with regard to the above site and the ongoing review of the voluntary Environmental Impact Assessment that has been submitted by the developer to Welsh Government.

As background, the developer submitted a voluntary Environmental Impact Assessment (EIA) to Welsh Government (WG) in September 2019. WG has appointed a consultant (Wardell Armstrong) to review this EIA and part of this process involves collecting representations and responses from consultees, interested parties/organisations and members of the public. While that consultation period was initially due to expire on the 17<sup>th</sup> November 2021, it has now been extended until 17<sup>th</sup> January 2022. Once this period has expired, the consultant will collate the responses and this will inform the review of the EIA.

I am writing to advise you of this new consultation period and to make you aware of the extended opportunity to make representations to this review. It is important that the local community is aware of this consultation exercise and the full scope of timescales to make comments.

The consultation documents are currently held at the Vale of Glamorgan Council Dock Office or they can be viewed online at:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Consultations responses and representations can be submitted on the above webpage, or they can be sent to:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Please note that while the documents can be viewed at the Council offices, this consultation is being administered by Wardell Armstrong on behalf of Welsh Government and it is not a Vale of Glamorgan Council consultation. Representations should therefore be sent to the above address, and not the Vale of Glamorgan Council.

Yours faithfully

Mr. I. Robinson

Dear Sir/Madam

**Town and Country Planning Act, 1990 (as amended)**  
**Location : David Davies Road, Woodham Road, Barry**  
**Proposal : Outline application for a wood fired renewable energy plant.**  
**Subject : Welsh Government consultation on voluntary Environmental Impact Assessment**

I am writing with regard to the above site and the ongoing review of the voluntary Environmental Impact Assessment that has been submitted by the developer to Welsh Government.

As background, the developer submitted a voluntary Environmental Impact Assessment (EIA) to Welsh Government (WG) in September 2019. WG has appointed a consultant (Wardell Armstrong) to review this EIA and part of this process involves collecting representations and responses from consultees, interested parties/organisations and members of the public. While that consultation period was initially due to expire on the 17<sup>th</sup> November 2021, it has now been extended until 17<sup>th</sup> January 2022. Once this period has expired, the consultant will collate the responses and this will inform the review of the EIA.

I am writing to advise you of this new consultation period and to make you aware of the extended opportunity to make representations to this review. It is important that the local community is aware of this consultation exercise and the full scope of timescales to make comments.

The consultation documents are currently held at the Vale of Glamorgan Council Dock Office or they can be viewed online at:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Consultations responses and representations can be submitted on the above webpage, or they can be sent to:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Please note that while the documents can be viewed at the Council offices, this consultation is being administered by Wardell Armstrong on behalf of Welsh Government and it is not a Vale of Glamorgan Council consultation. Representations should therefore be sent to the above address, and not the Vale of Glamorgan Council.

Yours faithfully

Mr. I. Robinson

Dear Sir/Madam

**Town and Country Planning Act, 1990 (as amended)**  
**Location : David Davies Road, Woodham Road, Barry**  
**Proposal : Outline application for a wood fired renewable energy plant.**  
**Subject : Welsh Government consultation on voluntary Environmental Impact Assessment**

I am writing with regard to the above site and the ongoing review of the voluntary Environmental Impact Assessment that has been submitted by the developer to Welsh Government.

As background, the developer submitted a voluntary Environmental Impact Assessment (EIA) to Welsh Government (WG) in September 2019. WG has appointed a consultant (Wardell Armstrong) to review this EIA and part of this process involves collecting representations and responses from consultees, interested parties/organisations and members of the public. While that consultation period was initially due to expire on the 17<sup>th</sup> November 2021, it has now been extended until 17<sup>th</sup> January 2022. Once this period has expired, the consultant will collate the responses and this will inform the review of the EIA.

I am writing to advise you of this new consultation period and to make you aware of the extended opportunity to make representations to this review. It is important that the local community is aware of this consultation exercise and the full scope of timescales to make comments.

The consultation documents are currently held at the Vale of Glamorgan Council Dock Office or they can be viewed online at:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Consultations responses and representations can be submitted on the above webpage, or they can be sent to:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Please note that while the documents can be viewed at the Council offices, this consultation is being administered by Wardell Armstrong on behalf of Welsh Government and it is not a Vale of Glamorgan Council consultation. Representations should therefore be sent to the above address, and not the Vale of Glamorgan Council.

Yours faithfully

Mr. I. Robinson

Dear Sir/Madam

**Town and Country Planning Act, 1990 (as amended)**

**Location : David Davies Road, Woodham Road, Barry**

**Proposal : Outline application for a wood fired renewable energy plant.**

**Subject : Welsh Government consultation on voluntary Environmental Impact Assessment**

I am writing with regard to the above site and the ongoing review of the voluntary Environmental Impact Assessment that has been submitted by the developer to Welsh Government.

As background, the developer submitted a voluntary Environmental Impact Assessment (EIA) to Welsh Government (WG) in September 2019. WG has appointed a consultant (Wardell Armstrong) to review this EIA and part of this process involves collecting representations and responses from consultees, interested parties/organisations and members of the public. While that consultation period was initially due to expire on the 17<sup>th</sup> November 2021, it has now been extended until 17<sup>th</sup> January 2022. Once this period has expired, the consultant will collate the responses and this will inform the review of the EIA.

I am writing to advise you of this new consultation period and to make you aware of the extended opportunity to make representations to this review. It is important that the local community is aware of this consultation exercise and the full scope of timescales to make comments.

The consultation documents are currently held at the Vale of Glamorgan Council Dock Office or they can be viewed online at:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Consultations responses and representations can be submitted on the above webpage, or they can be sent to:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Please note that while the documents can be viewed at the Council offices, this consultation is being administered by Wardell Armstrong on behalf of Welsh Government and it is not a Vale of Glamorgan Council consultation. Representations should therefore be sent to the above address, and not the Vale of Glamorgan Council.

Yours faithfully

Mr. I. Robinson

Dear Sir/Madam

**Town and Country Planning Act, 1990 (as amended)**  
**Location : David Davies Road, Woodham Road, Barry**  
**Proposal : Outline application for a wood fired renewable energy plant.**  
**Subject : Welsh Government consultation on voluntary Environmental Impact Assessment**

I am writing with regard to the above site and the ongoing review of the voluntary Environmental Impact Assessment that has been submitted by the developer to Welsh Government.

As background, the developer submitted a voluntary Environmental Impact Assessment (EIA) to Welsh Government (WG) in September 2019. WG has appointed a consultant (Wardell Armstrong) to review this EIA and part of this process involves collecting representations and responses from consultees, interested parties/organisations and members of the public. While that consultation period was initially due to expire on the 17<sup>th</sup> November 2021, it has now been extended until 17<sup>th</sup> January 2022. Once this period has expired, the consultant will collate the responses and this will inform the review of the EIA.

I am writing to advise you of this new consultation period and to make you aware of the extended opportunity to make representations to this review. It is important that the local community is aware of this consultation exercise and the full scope of timescales to make comments.

The consultation documents are currently held at the Vale of Glamorgan Council Dock Office or they can be viewed online at:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Consultations responses and representations can be submitted on the above webpage, or they can be sent to:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Please note that while the documents can be viewed at the Council offices, this consultation is being administered by Wardell Armstrong on behalf of Welsh Government and it is not a Vale of Glamorgan Council consultation. Mae LIC wedi penodi ymgynghorydd (Wardell Armstrong) i adolygu'r AEA hwn ac mae rhan o'r broses hon yn cynnwys casglu sylwadau ac ymatebion gan ymgynghoreion, partïon/sefydliadau â diddordeb ac aelodau o'r cyhoedd. Er bod y cyfnod ymgynghori hwnnw i fod i ddod i ben yn wreiddiol ar 17 Tachwedd 2021, mae bellach wedi'i ymestyn tan 17 Ionawr 2022. Ar ôl i'r cyfnod hwn ddod i ben, bydd yr ymgynghorydd yn casglu'r ymatebion a bydd hyn yn llywio'r adolygiad o'r AEA.

Ysgrifennaf atoch i'ch hysbysu am y cyfnod ymgynghori newydd hwn a'ch gwneud yn ymwybodol o'r cyfle estynedig i gyflwyno sylwadau i'r adolygiad hwn. Mae'n bwysig bod y gymuned leol yn ymwybodol o'r ymarfer ymgynghori hwn a chwmpas llawn yr amserlenni i wneud sylwadau.

Mae'r dogfennau ymgynghori yn cael eu cadw yn Swyddfa'r Dociau Cyngor Bro Morgannwg ar hyn o bryd neu gellir eu gweld ar-lein yn:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Gellir cyflwyno ymatebion a sylwadau i'r ymgynghoriadau ar y dudalen we uchod, neu gellir eu hanfon at:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Sylwer, er y gellir gweld y dogfennau yn swyddfeydd y Cyngor, mae'r ymgynghoriad hwn yn cael ei weinyddu gan Wardell Armstrong ar ran Llywodraeth Cymru ac nid yw'n ymgynghoriad gan Gyngor Bro Morgannwg. Felly, dylid anfon sylwadau i'r cyfeiriad uchod, ac nid Cyngor Bro Morgannwg.

Dear Sir/Madam

**Town and Country Planning Act, 1990 (as amended)**  
**Location : David Davies Road, Woodham Road, Barry**  
**Proposal : Outline application for a wood fired renewable energy plant.**  
**Subject : Welsh Government consultation on voluntary Environmental Impact Assessment**

I am writing with regard to the above site and the ongoing review of the voluntary Environmental Impact Assessment that has been submitted by the developer to Welsh Government.

As background, the developer submitted a voluntary Environmental Impact Assessment (EIA) to Welsh Government (WG) in September 2019. WG has appointed a consultant (Wardell Armstrong) to review this EIA and part of this process involves collecting representations and responses from consultees, interested parties/organisations and members of the public. While that consultation period was initially due to expire on the 17<sup>th</sup> November 2021, it has now been extended until 17<sup>th</sup> January 2022. Once this period has expired, the consultant will collate the responses and this will inform the review of the EIA.

I am writing to advise you of this new consultation period and to make you aware of the extended opportunity to make representations to this review. It is important that the local community is aware of this consultation exercise and the full scope of timescales to make comments.

The consultation documents are currently held at the Vale of Glamorgan Council Dock Office or they can be viewed online at:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Consultations responses and representations can be submitted on the above webpage, or they can be sent to:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Please note that while the documents can be viewed at the Council offices, this consultation is being administered by Wardell Armstrong on behalf of Welsh Government and it is not a Vale of Glamorgan Council consultation. Representations should therefore be sent to the above address, and not the Vale of Glamorgan Council.

Yours faithfully

Mr. I. Robinson

Dear Sir/Madam

**Town and Country Planning Act, 1990 (as amended)**

**Location : David Davies Road, Woodham Road, Barry**

**Proposal : Outline application for a wood fired renewable energy plant.**

**Subject : Welsh Government consultation on voluntary Environmental Impact Assessment**

I am writing with regard to the above site and the ongoing review of the voluntary Environmental Impact Assessment that has been submitted by the developer to Welsh Government.

As background, the developer submitted a voluntary Environmental Impact Assessment (EIA) to Welsh Government (WG) in September 2019. WG has appointed a consultant (Wardell Armstrong) to review this EIA and part of this process involves collecting representations and responses from consultees, interested parties/organisations and members of the public. While that consultation period was initially due to expire on the 17<sup>th</sup> November 2021, it has now been extended until 17<sup>th</sup> January 2022. Once this period has expired, the consultant will collate the responses and this will inform the review of the EIA.

I am writing to advise you of this new consultation period and to make you aware of the extended opportunity to make representations to this review. It is important that the local community is aware of this consultation exercise and the full scope of timescales to make comments.

The consultation documents are currently held at the Vale of Glamorgan Council Dock Office or they can be viewed online at:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Consultations responses and representations can be submitted on the above webpage, or they can be sent to:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Please note that while the documents can be viewed at the Council offices, this consultation is being administered by Wardell Armstrong on behalf of Welsh Government and it is not a Vale of Glamorgan Council consultation. Representations should therefore be sent to the above address, and not the Vale of Glamorgan Council.

Yours faithfully

Mr. I. Robinson  
**for Operational Manager Development Management**

**Pwnc: Ymgynghoriad Llywodraeth Cymru ar Asesiad o'r Effaith Amgylcheddol gwirfoddol**

Ysgrifennaf ynglŷn â'r safle uchod a'r adolygiad parhaus o'r Asesiad o'r Effaith Amgylcheddol gwirfoddol a gyflwynwyd gan y datblygwr i Lywodraeth Cymru.

Fel cefndir, cyflwynodd y datblygwr Asesiad o'r Effaith Amgylcheddol (AEA) gwirfoddol i Lywodraeth Cymru (LIC) ym mis Medi 2019. Mae LIC wedi penodi ymgynghorydd (Wardell Armstrong) i adolygu'r AEA hwn ac mae rhan o'r broses hon yn cynnwys casglu sylwadau ac ymatebion gan ymgynghoreion, partiïon/sefydliadau â diddordeb ac aelodau o'r cyhoedd. Er bod y cyfnod ymgynghori hwnnw i fod i ddod i ben yn wreiddiol ar 17 Tachwedd 2021, mae bellach wedi'i ymestyn tan 17 Ionawr 2022. Ar ôl i'r cyfnod hwn ddod i ben, bydd yr ymgynghorydd yn casglu'r ymatebion a bydd hyn yn llywio'r adolygiad o'r AEA.

Ysgrifennaf atoch i'ch hysbysu am y cyfnod ymgynghori newydd hwn a'ch gwneud yn ymwybodol o'r cyfle estynedig i gyflwyno sylwadau i'r adolygiad hwn. Mae'n bwysig bod y gymuned leol yn ymwybodol o'r ymarfer ymgynghori hwn a chwmpas llawn yr amserlenni i wneud sylwadau.

Mae'r dogfennau ymgynghori yn cael eu cadw yn Swyddfa'r Dociau Cyngor Bro Morgannwg ar hyn o bryd neu gellir eu gweld ar-lein yn:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Gellir cyflwyno ymatebion a sylwadau i'r ymgynghoriadau ar y dudalen we uchod, neu gellir eu hanfon at:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Sylwer, er y gellir gweld y dogfennau yn swyddfeydd y Cyngor, mae'r ymgynghoriad hwn yn cael ei weinyddu gan Wardell Armstrong ar ran Llywodraeth Cymru ac nid yw'n ymgynghoriad gan Gyngor Bro Morgannwg. Felly, dylid anfon sylwadau i'r cyfeiriad uchod, ac nid Cyngor Bro Morgannwg.

Dear Sir/Madam

**Town and Country Planning Act, 1990 (as amended)**

**Location : David Davies Road, Woodham Road, Barry**

**Proposal : Outline application for a wood fired renewable energy plant.**

**Subject : Welsh Government consultation on voluntary Environmental Impact Assessment**

I am writing with regard to the above site and the ongoing review of the voluntary Environmental Impact Assessment that has been submitted by the developer to Welsh Government.

As background, the developer submitted a voluntary Environmental Impact Assessment (EIA) to Welsh Government (WG) in September 2019. WG has appointed a consultant (Wardell Armstrong) to review this EIA and part of this process involves collecting representations and responses from consultees, interested parties/organisations and members of the public. While that consultation period was initially due to expire on the 17<sup>th</sup> November 2021, it has now been extended until 17<sup>th</sup> January 2022. Once this period has expired, the consultant will collate the responses and this will inform the review of the EIA.

I am writing to advise you of this new consultation period and to make you aware of the extended opportunity to make representations to this review. It is important that the local community is aware of this consultation exercise and the full scope of timescales to make comments.

The consultation documents are currently held at the Vale of Glamorgan Council Dock Office or they can be viewed online at:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Consultations responses and representations can be submitted on the above webpage, or they can be sent to:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Please note that while the documents can be viewed at the Council offices, this consultation is being administered by Wardell Armstrong on behalf of Welsh Government and it is not a Vale of Glamorgan Council consultation. Representations should therefore be sent to the above address, and not the Vale of Glamorgan Council.

Yours faithfully

Mr. I. Robinson

Dear Sir/Madam

**Town and Country Planning Act, 1990 (as amended)**

**Location : David Davies Road, Woodham Road, Barry**

**Proposal : Outline application for a wood fired renewable energy plant.**

**Subject : Welsh Government consultation on voluntary Environmental Impact Assessment**

I am writing with regard to the above site and the ongoing review of the voluntary Environmental Impact Assessment that has been submitted by the developer to Welsh Government.

As background, the developer submitted a voluntary Environmental Impact Assessment (EIA) to Welsh Government (WG) in September 2019. WG has appointed a consultant (Wardell Armstrong) to review this EIA and part of this process involves collecting representations and responses from consultees, interested parties/organisations and members of the public. While that consultation period was initially due to expire on the 17<sup>th</sup> November 2021, it has now been extended until 17<sup>th</sup> January 2022. Once this period has expired, the consultant will collate the responses and this will inform the review of the EIA.

I am writing to advise you of this new consultation period and to make you aware of the extended opportunity to make representations to this review. It is important that the local community is aware of this consultation exercise and the full scope of timescales to make comments.

The consultation documents are currently held at the Vale of Glamorgan Council Dock Office or they can be viewed online at:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Consultations responses and representations can be submitted on the above webpage, or they can be sent to:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Please note that while the documents can be viewed at the Council offices, this consultation is being administered by Wardell Armstrong on behalf of Welsh Government and it is not a Vale of Glamorgan Council consultation. Representations should therefore be sent to the above address, and not the Vale of Glamorgan Council.

Yours faithfully

Mr. I. Robinson

Dear Sir/Madam

**Town and Country Planning Act, 1990 (as amended)**

**Location : David Davies Road, Woodham Road, Barry**

**Proposal : Outline application for a wood fired renewable energy plant.**

**Subject : Welsh Government consultation on voluntary Environmental Impact Assessment**

I am writing with regard to the above site and the ongoing review of the voluntary Environmental Impact Assessment that has been submitted by the developer to Welsh Government.

As background, the developer submitted a voluntary Environmental Impact Assessment (EIA) to Welsh Government (WG) in September 2019. WG has appointed a consultant (Wardell Armstrong) to review this EIA and part of this process involves collecting representations and responses from consultees, interested parties/organisations and members of the public. While that consultation period was initially due to expire on the 17<sup>th</sup> November 2021, it has now been extended until 17<sup>th</sup> January 2022. Once this period has expired, the consultant will collate the responses and this will inform the review of the EIA.

I am writing to advise you of this new consultation period and to make you aware of the extended opportunity to make representations to this review. It is important that the local community is aware of this consultation exercise and the full scope of timescales to make comments.

The consultation documents are currently held at the Vale of Glamorgan Council Dock Office or they can be viewed online at:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Consultations responses and representations can be submitted on the above webpage, or they can be sent to:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Please note that while the documents can be viewed at the Council offices, this consultation is being administered by Wardell Armstrong on behalf of Welsh Government and it is not a Vale of Glamorgan Council consultation. Representations should therefore be sent to the above address, and not the Vale of Glamorgan Council.

Yours faithfully

Mr. I. Robinson

Dear Sir/Madam

**Town and Country Planning Act, 1990 (as amended)**

**Location : David Davies Road, Woodham Road, Barry**

**Proposal : Outline application for a wood fired renewable energy plant.**

**Subject : Welsh Government consultation on voluntary Environmental Impact Assessment**

I am writing with regard to the above site and the ongoing review of the voluntary Environmental Impact Assessment that has been submitted by the developer to Welsh Government.

As background, the developer submitted a voluntary Environmental Impact Assessment (EIA) to Welsh Government (WG) in September 2019. WG has appointed a consultant (Wardell Armstrong) to review this EIA and part of this process involves collecting representations and responses from consultees, interested parties/organisations and members of the public. While that consultation period was initially due to expire on the 17<sup>th</sup> November 2021, it has now been extended until 17<sup>th</sup> January 2022. Once this period has expired, the consultant will collate the responses and this will inform the review of the EIA.

I am writing to advise you of this new consultation period and to make you aware of the extended opportunity to make representations to this review. It is important that the local community is aware of this consultation exercise and the full scope of timescales to make comments.

The consultation documents are currently held at the Vale of Glamorgan Council Dock Office or they can be viewed online at:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Consultations responses and representations can be submitted on the above webpage, or they can be sent to:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Please note that while the documents can be viewed at the Council offices, this consultation is being administered by Wardell Armstrong on behalf of Welsh Government and it is not a Vale of Glamorgan Council consultation. Representations should therefore be sent to the above address, and not the Vale of Glamorgan Council.

Yours faithfully

Mr. I. Robinson

Dear Sir/Madam

**Town and Country Planning Act, 1990 (as amended)**

**Location : David Davies Road, Woodham Road, Barry**

**Proposal : Outline application for a wood fired renewable energy plant.**

**Subject : Welsh Government consultation on voluntary Environmental Impact Assessment**

I am writing with regard to the above site and the ongoing review of the voluntary Environmental Impact Assessment that has been submitted by the developer to Welsh Government.

As background, the developer submitted a voluntary Environmental Impact Assessment (EIA) to Welsh Government (WG) in September 2019. WG has appointed a consultant (Wardell Armstrong) to review this EIA and part of this process involves collecting representations and responses from consultees, interested parties/organisations and members of the public. While that consultation period was initially due to expire on the 17<sup>th</sup> November 2021, it has now been extended until 17<sup>th</sup> January 2022. Once this period has expired, the consultant will collate the responses and this will inform the review of the EIA.

I am writing to advise you of this new consultation period and to make you aware of the extended opportunity to make representations to this review. It is important that the local community is aware of this consultation exercise and the full scope of timescales to make comments.

The consultation documents are currently held at the Vale of Glamorgan Council Dock Office or they can be viewed online at:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Consultations responses and representations can be submitted on the above webpage, or they can be sent to:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Please note that while the documents can be viewed at the Council offices, this consultation is being administered by Wardell Armstrong on behalf of Welsh Government and it is not a Vale of Glamorgan Council consultation. Representations should therefore be sent to the above address, and not the Vale of Glamorgan Council.

Yours faithfully

Mr. I. Robinson

Dear Sir/Madam

**Town and Country Planning Act, 1990 (as amended)**  
**Location : David Davies Road, Woodham Road, Barry**  
**Proposal : Outline application for a wood fired renewable energy plant.**  
**Subject : Welsh Government consultation on voluntary Environmental Impact Assessment**

I am writing with regard to the above site and the ongoing review of the voluntary Environmental Impact Assessment that has been submitted by the developer to Welsh Government.

As background, the developer submitted a voluntary Environmental Impact Assessment (EIA) to Welsh Government (WG) in September 2019. WG has appointed a consultant (Wardell Armstrong) to review this EIA and part of this process involves collecting representations and responses from consultees, interested parties/organisations and members of the public. While that consultation period was initially due to expire on the 17<sup>th</sup> November 2021, it has now been extended until 17<sup>th</sup> January 2022. Once this period has expired, the consultant will collate the responses and this will inform the review of the EIA.

I am writing to advise you of this new consultation period and to make you aware of the extended opportunity to make representations to this review. It is important that the local community is aware of this consultation exercise and the full scope of timescales to make comments.

The consultation documents are currently held at the Vale of Glamorgan Council Dock Office or they can be viewed online at:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Consultations responses and representations can be submitted on the above webpage, or they can be sent to:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Please note that while the documents can be viewed at the Council offices, this consultation is being administered by Wardell Armstrong on behalf of Welsh Government and it is not a Vale of Glamorgan Council consultation. Representations should therefore be sent to the above address, and not the Vale of Glamorgan Council.

Yours faithfully

Mr. I. Robinson

Dear Sir/Madam

**Town and Country Planning Act, 1990 (as amended)**

**Location : David Davies Road, Woodham Road, Barry**

**Proposal : Outline application for a wood fired renewable energy plant.**

**Subject : Welsh Government consultation on voluntary Environmental Impact Assessment**

I am writing with regard to the above site and the ongoing review of the voluntary Environmental Impact Assessment that has been submitted by the developer to Welsh Government.

As background, the developer submitted a voluntary Environmental Impact Assessment (EIA) to Welsh Government (WG) in September 2019. WG has appointed a consultant (Wardell Armstrong) to review this EIA and part of this process involves collecting representations and responses from consultees, interested parties/organisations and members of the public. While that consultation period was initially due to expire on the 17<sup>th</sup> November 2021, it has now been extended until 17<sup>th</sup> January 2022. Once this period has expired, the consultant will collate the responses and this will inform the review of the EIA.

I am writing to advise you of this new consultation period and to make you aware of the extended opportunity to make representations to this review. It is important that the local community is aware of this consultation exercise and the full scope of timescales to make comments.

The consultation documents are currently held at the Vale of Glamorgan Council Dock Office or they can be viewed online at:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Consultations responses and representations can be submitted on the above webpage, or they can be sent to:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Please note that while the documents can be viewed at the Council offices, this consultation is being administered by Wardell Armstrong on behalf of Welsh Government and it is not a Vale of Glamorgan Council consultation. Representations should therefore be sent to the above address, and not the Vale of Glamorgan Council.

Yours faithfully

Mr. I. Robinson  
**for Operational Manager Development Management**

Dear Sir/Madam

**Town and Country Planning Act, 1990 (as amended)**

**Location : David Davies Road, Woodham Road, Barry**

**Proposal : Outline application for a wood fired renewable energy plant.**

**Subject : Welsh Government consultation on voluntary Environmental Impact Assessment**

I am writing with regard to the above site and the ongoing review of the voluntary Environmental Impact Assessment that has been submitted by the developer to Welsh Government.

As background, the developer submitted a voluntary Environmental Impact Assessment (EIA) to Welsh Government (WG) in September 2019. WG has appointed a consultant (Wardell Armstrong) to review this EIA and part of this process involves collecting representations and responses from consultees, interested parties/organisations and members of the public. While that consultation period was initially due to expire on the 17<sup>th</sup> November 2021, it has now been extended until 17<sup>th</sup> January 2022. Once this period has expired, the consultant will collate the responses and this will inform the review of the EIA.

I am writing to advise you of this new consultation period and to make you aware of the extended opportunity to make representations to this review. It is important that the local community is aware of this consultation exercise and the full scope of timescales to make comments.

The consultation documents are currently held at the Vale of Glamorgan Council Dock Office or they can be viewed online at:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Consultations responses and representations can be submitted on the above webpage, or they can be sent to:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Please note that while the documents can be viewed at the Council offices, this consultation is being administered by Wardell Armstrong on behalf of Welsh Government and it is not a Vale of Glamorgan Council consultation. Representations should therefore be sent to the above address, and not the Vale of Glamorgan Council.

Yours faithfully

Annwyl Syr/Fadam

**Deddf Cynllunio Gwlad a Thref, 1990 (fel y'i diwygiwyd)**

**Lleoliad: David Davies Road, Woodham Road, Y Barri**

**Y Cynnig : Cais amlinellol ar gyfer cyfleuster ynni adnewyddadwy llosgi coed.**

**Pwnc: Ymgynghoriad Llywodraeth Cymru ar Asesiad o'r Effaith Amgylcheddol gwirfoddol**

Ysgrifennaf ynglŷn â'r safle uchod a'r adolygiad parhaus o'r Asesiad o'r Effaith Amgylcheddol gwirfoddol a gyflwynwyd gan y datblygwr i Lywodraeth Cymru.

Fel cefndir, cyflwynodd y datblygwr Asesiad o'r Effaith Amgylcheddol (AEA) gwirfoddol i Lywodraeth Cymru (LIC) ym mis Medi 2019. Mae LIC wedi penodi ymgynghorydd (Wardell Armstrong) i adolygu'r AEA hwn ac mae rhan o'r broses hon yn cynnwys casglu sylwadau ac ymatebion gan ymgynghoreion, partïon/sefydliadau â diddordeb ac aelodau o'r cyhoedd. Er bod y cyfnod ymgynghori hwnnw i fod i ddod i ben yn wreiddiol ar 17 Tachwedd 2021, mae bellach wedi'i ymestyn tan 17 Ionawr 2022. Ar ôl i'r cyfnod hwn ddod i ben, bydd yr ymgynghorydd yn casglu'r ymatebion a bydd hyn yn llywio'r adolygiad o'r AEA.

Ysgrifennaf atoch i'ch hysbysu am y cyfnod ymgynghori newydd hwn a'ch gwneud yn ymwybodol o'r cyfle estynedig i gyflwyno sylwadau i'r adolygiad hwn. Mae'n bwysig bod y gymuned leol yn ymwybodol o'r ymarfer ymgynghori hwn a chwmpas llawn yr amserlenni i wneud sylwadau.

Mae'r dogfennau ymgynghori yn cael eu cadw yn Swyddfa'r Dociau Cyngor Bro Morgannwg ar hyn o bryd neu gellir eu gweld ar-lein yn:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Gellir cyflwyno ymatebion a sylwadau i'r ymgynghoriadau ar y dudalen we uchod, neu gellir eu hanfon at:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Sylwer, er y gellir gweld y dogfennau yn swyddfeydd y Cyngor, mae'r ymgynghoriad hwn yn cael ei weinyddu gan Wardell Armstrong ar ran Llywodraeth Cymru ac nid yw'n ymgynghoriad gan Gyngor Bro Morgannwg. Felly, dylid anfon sylwadau i'r cyfeiriad uchod, ac nid Cyngor Bro Morgannwg.

Yn gywir

Mr I Robinson

Dear Sir/Madam

**Town and Country Planning Act, 1990 (as amended)**

**Location : David Davies Road, Woodham Road, Barry**

**Proposal : Outline application for a wood fired renewable energy plant.**

**Subject : Welsh Government consultation on voluntary Environmental Impact Assessment**

I am writing with regard to the above site and the ongoing review of the voluntary Environmental Impact Assessment that has been submitted by the developer to Welsh Government.

As background, the developer submitted a voluntary Environmental Impact Assessment (EIA) to Welsh Government (WG) in September 2019. WG has appointed a consultant (Wardell Armstrong) to review this EIA and part of this process involves collecting representations and responses from consultees, interested parties/organisations and members of the public. While that consultation period was initially due to expire on the 17<sup>th</sup> November 2021, it has now been extended until 17<sup>th</sup> January 2022. Once this period has expired, the consultant will collate the responses and this will inform the review of the EIA.

I am writing to advise you of this new consultation period and to make you aware of the extended opportunity to make representations to this review. It is important that the local community is aware of this consultation exercise and the full scope of timescales to make comments.

The consultation documents are currently held at the Vale of Glamorgan Council Dock Office or they can be viewed online at:

**[www.barrybiomassconsultation.online](http://www.barrybiomassconsultation.online)**

Consultations responses and representations can be submitted on the above webpage, or they can be sent to:

**[biomassconsultation@wardell-armstrong.com](mailto:biomassconsultation@wardell-armstrong.com)**

Please note that while the documents can be viewed at the Council offices, this consultation is being administered by Wardell Armstrong on behalf of Welsh Government and it is not a Vale of Glamorgan Council consultation. Representations should therefore be sent to the above address, and not the Vale of Glamorgan Council.

Yours faithfully

Mr. I. Robinson
