

Existing access road is enclosed by surrounding mature vegetation

Any views of the proposed restoration area will be restricted by the intervening sloping landform and mature vegetation

Viewpoint 1: From public right of way

Glimpses of the adjacent urban fringes of Cardiff are possible from this elevated and open location, from gaps in the vegetative enclosure

Due to enclosure by mature vegetation and intervening landform, any views of the proposed restoration area, even from the open and elevated location will be restricted

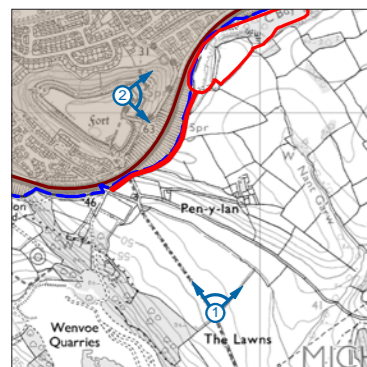

Existing solar park, although glimpsed, is largely enclosed by surrounding mature vegetation

Existing access road is largely enclosed by mature vegetation
