Comments	<p>I object to this planning application. The destruction of the remaining area of woodland will be detrimental to the wildlife, already threatened by overdevelopment in this area in recent years. The badgers and foxes which we see now will be wiped out by the devastating work involved. The remaining trees will be given a death sentence merely by being required to hold the tents. A dozen species of birds use these trees to nest and feed. Tourism within a quarter mile area consists of tents, caravans, chalets and cottages to accommodate hundreds of visitors each year. Please say enough.</p>
