Dear Sir

**PROPOSED BASE STATION INSTALLATION AT CTIL\_208013\_VF\_96049\_TF\_50775– LAND AT BULL CLIFF, OFF MARINE DRIVE, BARRY, VALE OF GLAMORGAN, CF62 6PQ NGR (E: 309113 N: 166845)**

Further to the recent prior notification application which was submitted in relation to the above site, please find enclosed 4 copies of the coverage plots. I would be grateful if you could include these plots with the application documents which were sent on 21 October 2016.

As is clearly shown from the enclosed coverage plots, there is no existing 4G coverage in this area of Barry. The proposed installation would fill this large hole in high quality telecommunications communications in line with the Government aspirations.

I trust that everything is in order, if you require any further information, or have any queries, please do not hesitate to contact me.

Yours faithfully
