Petition regarding Wakeboarding at Cosmeston Lakes (submitted by Councillor Franks)

# Don't Bring Wakeboarding to Cosmeston Lakes!

Petition letter To the Vale of Glamorgan Council

When seeking signatures for the Petition on-street, I have found overwhelming support from local people, who value the peace and tranquility of Cosmeston Lakes nature park. Thousands of people further afield have signed the on-line Petition, rejecting the idea that the birds living by the lake will be little disturbed by wake-boarding.

Not only would the noise from wakeboards hitting the water and from the PA system destroy the lake's peace and tranquility but also the massive tower-supports and cables would be rupture the rural ambience. Noise would be worse during competitive events. The Council claim of environment-friendly is false, when such noisy water activity will scare off many if not all the visiting and resident birds, including ones who nested around the lake.

The lakes and adjacent land are a designated site of special scientific interest supporting a resident population of up to 60 Mute Swans, some of which nest, occasionally a similar number of Canada Geese, 100's of Gulls and Coot, and other wildfowl from autumn through to spring. Migrating birds such as Sedge Warbler and Reed Bunting nest in the reed bed which no doubt would be disturbed by the wash from wake-boarding.

There are numerous comments on the pdf file, made by some of the on-line signatories, showing detailed knowledge and appreciation of the lake. You should ask the officials to summarise these comments as well as counting up the names.

As the petition states, we do not want to see Cosmeston turned into a noisy pleasure park. Cosmeston is a success story and loved by the community.

Please scrap the whole idea of wake boarding at Cosmeston.

# Don't Bring Wakeboarding to Cosmeston Lakes!

- by: Anne Greagsby
- target: Vale of Glamorgan Council

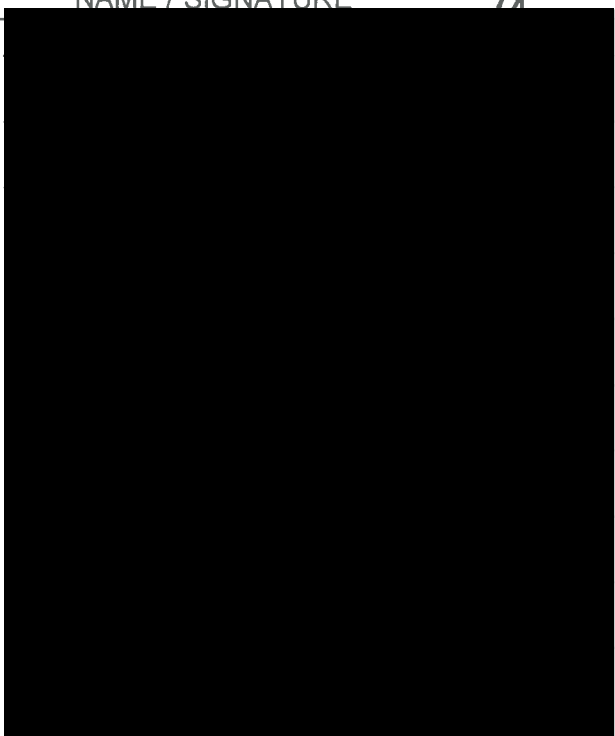

The 'peace and tranquillity at the' lake at Cosmeston Country Park that we value so much would be seriously disturbed by commercial cable-wakeboarding where wake-boarders towed by a wire steer around obstacles. We object to the visual impact of ugly tower-supports for the towing wires, also noise from wakeboards hitting the water and from the PA system. This will be worse during the scheduled competitions. The Council claim of environment-friendly is false, when such noisy water activity will scare off many if not all the visiting and resident birds.

The site is of special scientific interest which should exclude recreational activities likely to damage the qualifying features. The lake has a resident population of up to 60 Mute Swans, some of which nest, occasionally a similar number of Canada Geese, 100's of Gulls and Coot, and other wildfowl from autumn through to spring. Not to mention birds such as Reed Warbler, Sedge Warbler, Reed Bunting which nest in the reed bed and will be disturbed by the wash that wakeboarding creates. We do not want to see Cosmeston turned into a noisy pleasure park. The Vale Council has sites more suitable for commercial leisure activities, including Barry Dock destined for water sports.

We need more quiet, recreational

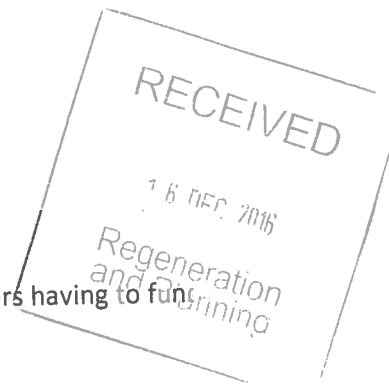

There are few places where there

Yes we should stop interfering wit

More people will go to Cosmeston

STOP A LA CRUAUTE !!!!

can we  
not let the  
wild  
things  
have their  
place?  
must we  
take  
everything  
away from  
them just  
for our  
pleasure?

The  
wildlife  
and its  
habitat  
cannot  
speak, so  
we must  
and we  
willâ€¦â€¦
