Having heard of the plans to develop a nature park into a wake boarding horror park..

I cannot believe that this can be true ..It is with confidence , I feel secure that the planning committee will throw this plan into the bin.....Cosmeston Park. Is a beautiful tranquil haven. regularly visited by my family ,and so many of our friends. Please consider the noise, danger, and threat to the abundant wildlife ...Which we regard as so precious....Thank You.

Sincerely Mrs, Ira Gate.
