Dear Sir/Madam,

2016/01520/OUT

With reference to the above application I would like my previous paperwork which I submitted to you regarding log fields as my ~~firm~~ firm objections (5925).

If this new application is approved it will cause nothing but further difficulties such as additional entrances and further traffic problems.

Swanbridge Road for all days during commuter hours is an absolute headache to drive up or down towards the main South Road with large volumes of traffic.

Surely enough is enough. There are already far too many properties in the area and around. There are also a number of properties in the whole village which have not been sold long term.

WHY ADD TO THIS?

Yours faithfully,

[Redacted Signature]

P.S. I would like acknowledgment of receipt.
