Subject: BIomass Site

Good Afternoon All

This morning I took a call from Cllr. Kevin Mahoney regarding the Biomass site at Barry Dock and the mound of earth on site.

Please excuse my ignorance in relation to this site but it is not my case.

However the Cllr referred to a report, that is allegedly in the public domain, in relation to the site and namely the fact that the earth mound contains asbestos.

I understand the earth mound is the result of excavations due to the recent retrospective planning application for the fire-fighting equipment provision on site.

The Cllr enquiry is basically what are we doing in relation to this stockpile in terms of monitoring etc.

He wishes our reply to be sent to his own, not Council email address. His email is 

Finally this enquiry has not as yet been logged on Tascomi and allocated
