Hi Lindy,

Yes, that is no problem. This application has already been called in to committee and has missed the December committee deadline. It is more likely to be determined at Jan or Feb committee.

Kind regards

Hi Morgan,

As your aware this application will need an environmental permit from ourselves. I'm still waiting on comments from this team as to how this variation will affect the permit so would feel more comfortable to wait for their comments.

Would we be able to get a weeks extension on this one? If I don't hear from you I'll assume this is ok.

Many thanks,
