Hi Douglas,

I have spoken to the Highways officer and he wants the following amendments to be made and also the swept paths layout does not match the parking layout. Can these be amended to match up?

Thanks

Morgan

Following our conversation in relation to the above, can you request that the areas marked "C" are deleted from drawing ref - barry_19_dwg_01_40022 rev d and the substation and cycle store clearly labelled.

In addition, the site layout shown on the Traffic Movement Plan (barry_01_dwg_01_20115 rev c) is required to match that of the above.
