**Subject:** RE: Notification - VoG

Dear Douglas,

Thank you for the acoustic information and the change of contractors, I will await the drainage details and I have passed the acoustic information onto Environmental Health.

The Council has received a query from the DIAG action group with respect to information that you have set out in the FFS Ofgem questionnaire. From the questionnaire it is been highlighted by the action group that the waste wood would include a number of contaminants but that the planning conditions restrict the fuel to simply Waste Wood. (questionnaire attached for ease of reference)

Can I seek your position in respect of complying with the condition attached to the planning consent and the level of contaminants within the waste wood fuel to be used.

Regards

Morgan Howell

**Subject:** Notification - VoG

Dear Morgan, Rebecca & Morgan

Please be advised that with immediate effect the main contractor on the Biomass UK project at Barry has changed from Galliford Try to Harris Pye.

Accurate forecasts for completion and revised programmes will be available once full surveys have been completed on site and we will communicate these as soon as they are available.

We will be in touch in due course, but please feel free to make contact in you have any queries in the meantime.

Could I ask you to circulate this email within VoG as appropriate.

Kind regards

Douglas
