Hi Clive,

From our conversation I understood that you were going to request some calculations to clarify the applicant's position in respect to the surface water scheme.

I did outline that it is likely that you would request these details but I did not have your formal comments to the agent and he has provided within the above mentioned document as he believes it should have the detail you were going to require.

If you would like to discuss then please come back to me before providing your comments.

Kind regards

Morgan Howell

For the attention of Morgan Howell

Dear Morgan

As discussed, attached is the detailed design file for the SUDs. I'm assuming that this will provide Clive Moon with the level of detail he is looking for but please advise if further information is required.

Kind regards

Douglas
