Key

- Survey boundary.
- Tree with numbered reference. Canopy spread and BS5837:2012 tree quality category as shown below.
- Tree (location estimated) with numbered reference. Canopy spread and BS5837:2012 tree quality category.
- Tree off-site with numbered reference. Canopy spread and BS5837:2012 tree quality category.
- Vegetation group with numbered reference. Canopy extents and BS5837:2012 tree quality category as shown below.
- Hedge with numbered reference. Width and BS5837:2012 tree quality category as shown below.
- BS 5837:2012 Tree Quality Categories - Table 1
  - Category A - High quality
  - Category B - Moderate quality
  - Category C - Low quality
  - Category U - Unsuitable for retention
- Scrub
- Tree protected by Tree Preservation Order No.xxx.xx xxxx. Bracketed number reference relates to the TPO Schedule.
- Root protection area (RPA) Calculated in accordance with Section 4.6 - BS5837:2012

NOTES:  
• Refer to RPS Tree Survey Report & Schedule for further details.  
• Survey based on a visual inspection from the ground and is not intended as a full arboricultural inspection.  
• Plan produced in accordance with recommendations set out in BS 5837:2012 - 'Trees in Relation to design, demolition and construction'.  
• Due to the legal protection afforded to breeding birds vegetation removal should not take place during the bird nesting period, generally, although not restricted to, March - August inclusive.  
• Survey based upon topographic survey produced by XXX in XXXX, 201X.

**Surveyor:** Stefan Kowalczyk  
**Status:** For information  
**Revision:** .  
**Notes:**

Ref. no.	Species	Height (m)	Crown spread (m)				Stem dia. (mm)	Stem no. at 1.5m	Height of crown clearance (m)	Dir/ height	Age class	Structural condition	Physiological condition	General observations Management recommendations	Estimated remaining contribution (years)	Tree Quality Category (BS5837)
			N	E	S	W										
T59	Fraxinus excelsior - Common Ash	6	4	4	2	4	40	1	4.0	South	EM	Poor	Poor	Poor specimin ash tree grown out from hedge. Ivy and bramble clad.	10-20	C3
T60*	Fraxinus excelsior - Common Ash	15	9.0	9	9	9	1100	1	2	South	OM	Good	Good	Good specimon ash tree grown with open crown. Fungal Fruiting bodies noted on stem on sounth side at 2m, likely to be Inonotus hispidus. Bifurcated stem formed at 3.0 metres, cavaties from old wounds throughput stem. Not plotted on land survey plan.	40+	B1
T61*	Quercus robur - Pedunculate Oak	15	4.0	8.0	8	7.0	700	1	4	South	M	Good	Good	Bifurcated stem at 4 metres. Good specimon Oak tree grown with open crown in field. Not plotted on original topo.	40+	B1
T62	Crataegus monogyna - Common Hawthorn	5	1	2.0	3	2	200	1	3.0	South	M	Fair	Fair	Hawthorn grown out of hedge, Ivy clad.	10-20	C2
T63	Crataegus monogyna - Common Hawthorn	15	4	4	0	4.0	500	1	8	South	OM	Poor	Poor	The tree has a moderate basal cavity. Asymmetric formed crown. Poor quality Ash growing from hedgrow.	<10	U
T64	Quercus robur - Pedunculate Oak	15	6.0	6.0	8.0	5.0	1000	1	2.0	West	M	Good	Fair	The tree has a moderate basal cavity. Previous branch failures noted. Not plotted on land survey plan. Good quality field grown oak tree, previouds branch failiure on north side.	40+	B1
T65	Fraxinus excelsior - Common Ash	15	0	5	8	0.0	500	1	8	East	OM	Poor	Poor	Asymmetric formed crown. Restricted inspection due to access and ivy. Not plotted on land survey plan. Tree has no long term potential. Recommend tree is removed due to heavy lean over field and it being mostly dead.	<10	U
T66*	Crataegus monogyna - Common Hawthorn	6	2.0	2	3	3	200, 200, 200	3	1.5	East	M	Poor	Poor	Not plotted on land survey plan. Outgrown hawthorn from hedge	20-40	C2
T67*	Crataegus monogyna - Common Hawthorn	6	2.0	2.0	3.0	3.0	200	1	2	East	M	Poor	Good	Not plotted on land survey plan. Outgrown hawthorn from hedge	20-40	C2

Note: This survey is based on a brief visual inspection from the ground.  
It is not intended as a full arboricultural inspection.  
# - Indicates estimated tree. \* - Indicates off site tree.

**Key**

- Tree with numbered reference. Canopy spread and BS5837:2012 tree quality category as shown below.
- Tree (location estimated) with numbered reference. Canopy spread and BS5837:2012 tree quality category.
- Tree off-site with numbered reference. Canopy spread and BS5837:2012 tree quality category.
- Vegetation group with numbered reference. Canopy extents and BS5837:2012 tree quality category as shown below.
- Hedge with numbered reference. Width and BS5837:2012 tree quality category as shown below.

BS 5837:2012 Tree Quality Categories - Table 1

- Category A - High quality
- Category B - Moderate quality
- Category C - Low quality
- Category U - Unsuitable for retention

- Tree outside of survey area (Shown for context only)
- Scrub
- Root protection area (RPA) Calculated in accordance with Section 4.6 - BS5837:2012
- Tree to be removed with numbered reference. Canopy spread and BS5837:2012 tree quality category.
- Vegetation group or hedge to be removed with numbered reference. Canopy spread and BS5837:2012 tree quality category.
- Temporary protective fencing in accordance with Section 6.2 - BS5837:2012. See inset details for example barriers.

NOTES:

- Refer to RPS Tree Survey Report & Schedule for further details.
- Survey based on a visual inspection from the ground and is not intended as a full arboricultural inspection.
- Plan produced in accordance with recommendations set out in BS 5837:2012 - 'Trees in Relation to design, demolition and construction'.
- Due to the legal protection afforded to breeding birds vegetation removal should not take place during the bird nesting period; generally, although not restricted to, March - August inclusive.
- Drawing based on topographical survey undertaken by RPS drawing number JWP9689-03-06.
- Pedestrian/vehicular emergency access routes to be maintained at all times.
- All protective fencing to be completed and approved by LPA / CA prior to commencement of any site works.
- All works to conform with requirements of:  
BS 3698:2010 - Tree Works  
BS 5837:2012 - Trees in relation to design, demolition and construction.

**Key**

- T# Tree with numbered reference. Canopy spread and BS5837:2012 tree quality category as shown below.
- T## Tree (location estimated) with numbered reference. Canopy spread and BS5837:2012 tree quality category.
- T#\* Tree off-site with numbered reference. Canopy spread and BS5837:2012 tree quality category.
- G# Vegetation group with numbered reference. Canopy extent and BS5837:2012 tree quality category as shown below.
- H# Hedge with numbered reference. Width and BS5837:2012 tree quality category as shown below.

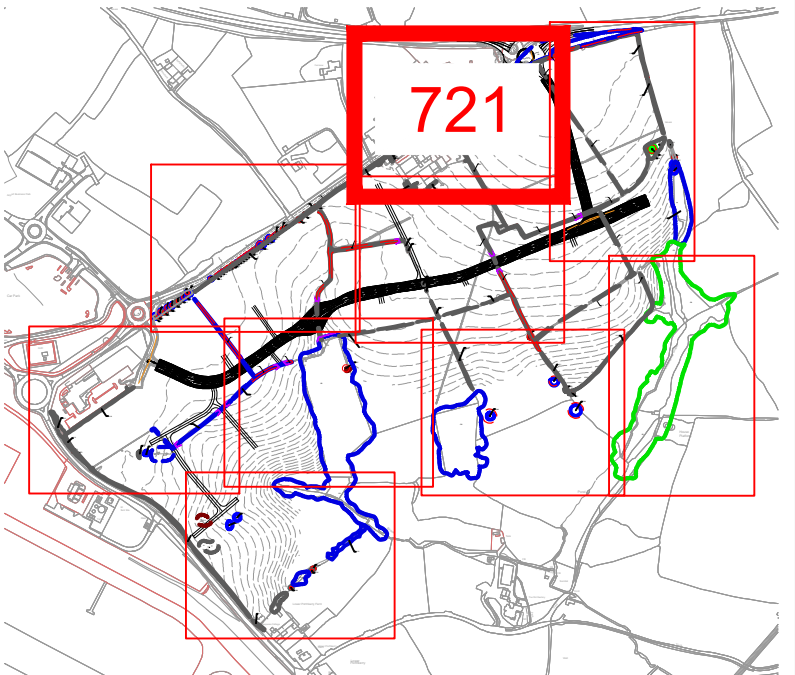

BS 5837:2012 Tree Quality Categories - Table 1

- Category A - High quality
- Category B - Moderate quality
- Category C - Low quality
- Category U - Unsuitable for retention

- Tree outside of survey area (Shown for context only)
- Scrub
- Root protection area (RPA) Calculated in accordance with Section 4.6 - BS5837:2012
- Tree to be removed with numbered reference. Canopy spread and BS5837:2012 tree quality category.
- Vegetation group or hedge to be removed with numbered reference. Canopy spread and BS5837:2012 tree quality category.
- Temporary protective fencing in accordance with Section 6.2 - BS5837:2012. See inset details for example barriers.

NOTES:

- Refer to RPS Tree Survey Report & Schedule for further details.
- Survey based on a visual inspection from the ground and is not intended as a full arboricultural inspection.
- Plan produced in accordance with recommendations set out in BS 5837:2012 - 'Trees in Relation to design, demolition and construction'.
- Due to the legal protection afforded to breeding birds vegetation removal should not take place during the bird nesting period, generally, although not restricted to, March - August inclusive.
- Drawing based on topographical survey undertaken by RPS drawing number J06089-03-06.
- Pedestrian/vehicular emergency access routes to be maintained at all times.
- All protection fencing to be completed and approved by LPA / PCA prior to commencement of any site works.
- All works to conform with requirements of:  
BS 3968:2010 - Tree Works  
BS 5837:2012 - Trees in relation to design, demolition and construction.
