Comment on behalf of Cowbridge with Llanblethian Town Council

No objection but some comments.

It is very sad that Cowbridge, an ancient market town, is no longer to have a livestock market.

It is also very concerning that there is to be no local livestock market provision before the closure of the Cowbridge market.

However, the demolition of some ugly, derelict buildings, the grading of the site and the provision of additional parking will be very welcome.

There have been suggestions made that there should be provision on the site for an events space. I support this even if it is just an area of the car park which can be barriered off when required. This could be a good space, for example, for the Farmers' Market currently held in the Arthur John car park.
