Dear Sir

Re: Erection of a Single Dwelling House, Single Storey Detached Garage, Landscaping, and Associated Works:
Land adjacent Littlemoor Farm, Squire Street, Llysworney.
Pl.App.No.: 2023/00622/FUL.

Thank you for consulting us regarding this application; consequently, we have reviewed the detailed information contained on your website.

Information in the Historic Environment Record does not note any archaeological features or artefacts within the redline boundary itself, although significant historic assets are recorded within c250m of the site, dating from the Medieval period, the church of St Tydfil, and further to the north east, the moated site. The focus of the Medieval and early post-Medieval settlement appears to be to the east and north east; the HER notes isolated findspots of artefacts of Medieval and post-Medieval date within c50m of the site, it is our opinion that these relate to the use of the area during those periods.

Given our understanding of the nature of a potential archaeological resource, and the proposed development, it is our opinion that it is unlikely that any significant archaeological remains would be encountered during the course of the development.

We therefore have no archaeological objection to the application; but note that the Historic Environment Record is not definitive, and should archaeological deposits be encountered please contact us as mitigation may be required.

If you have any questions or require further advice on this matter, please do not hesitate to contact us.

Yours faithfully

Judith Doyle
