Details of the pre-application advice received

The property has been subject to two separate planning applications, both of which Mr Steven Butler has been the determining manager.

The latest application 2023/00445/FUL which was refused, stated in the officers report reasons for refusal that were in the main due to size, scale and materials that were incongruous and not in keeping with the existing barn structure. The report also stated the following "The authority remains of the view that an extension of any size in this location would harm the for of this barn".

The current application reflects a design that incorporates the findings of the report, by reducing the scale and impact of a proposed structure that is detached from the main structure and connected via a transparent link.
