FAO Mark Stringer

Dear Mark

Apologies but we are not in a position to respond today which is the 21 day deadline.

Just to let you know that we will be unable to provide a full response until we have completed a review of the hydraulic model which informs the FCA.

I believe the model was received on 11 November. A review can take 6-8 weeks. We do however, hope to provide an interim response asap.

We aim to provide this response by the end of this week.

Kind Regards

Claire McCorkindale
