

Vale of Glamorgan Highway Authority Observation Sheet

Planning Application Ref:	2023/01076/FUL
Observations By:	James Aitken
Date:	18 January 2024
Location:	Land at Bro Tathan, St Athan
Proposal:	Proposed provision of above and below ground utilities, associated infrastructure and reprofiling of land.
Case Officer:	Mr. Ceiri Rowlands

The above proposals aim to install new utility connections for the site known as Bro Tathan or formerly the MOD St Athan site.

Much of the works proposed are within the site boundary and not affecting the adopted highway network. However there is a small section proposed to cross the adopted highway along the Northern Access Road.

The highway authority has no objection to this subject to the usual applications and licences for street works in the highway and ensuring proper reinstatement. The Councils network management team should be contacted and works and Traffic Management licences applied for.
