Table of Contents

Environmental Statement: Volume III

Appendix 1.1: Enforcement Notice and VoGC Officer's Report (1st September 2021)

Appendix 1.2: Environmental Permit and Environmental Permit NRW Decision Reports (2018 and 2019)

Appendix 1.3: PEDW EIA Screening Direction (13th January 2022)

Appendix 1.4: 2015 Permission and Committee Report

Appendix 3.1: Barry Biomass Facility Environmental Statement Adequacy Report (WSP, November 2019)

Appendix 3.2: Sol Environment Scoping Opinion Correspondence

Appendix 3.3: Welsh Government Scoping Response Letter (2nd February 2021)

Appendix 3.4: PEDW Letter to Appellant (28th January 2022)

Appendix 3.5: Location of Specified Information in the ES

Appendix 3.6: List of Cumulative Schemes

Appendix 3.7: Archaeological Desk-Based Assessment

Appendix 3.8: Built Heritage Statement

Appendix 3.9: Socio-Economics Statement

Appendix 3.10: Transport Technical Note

Appendix 3.11: Ecology Technical Note

Appendix 3.12: Habitats Regulation Assessment Screening

Appendix 3.13: Ground Conditions Technical Review

Appendix 3.14: Flood Risk and Drainage Technical Note

Appendix 3.15: Major Accidents and Disasters Technical Note

Appendix 3.16: Waste and Materials Technical Note

Appendix 3.17: Lighting Impact Assessment - Illumination Impact Profile (IIP)

Appendix 5.1: 2015 Permission approved drawings

Appendix 5.2: Topographic survey of the As Built Development (SLR, March 2022, Rev 0)

Appendix 5.3: Screenshots of the 3D model (GHD, March 2022)

Appendix 5.4: Lighting Design Scheme (Hoare Lea, July 2022)

Appendix 5.5: Design information - Blowdown Silencer Relocation

Appendix 6.1: Construction Phase Plan (CPP)

Appendix 6.2: Project Environmental Plan (PEP)

Appendix 7.1: Legislation, Policy and Guidance

Appendix 7.2: GHG Calculation Input Data

Appendix 7.3: Glossary

Appendix 8.1: Glossary of acoustic terms

Appendix 8.2: Legislation, Policy and Guidance

Appendix 8.3: Noise Survey and Summary Results

Appendix 8.4: Calibration certificates

Appendix 8.5: Site Plan indicating location of modelled noise sources

Appendix 8.6: Noise source schedule and outline required BAT noise control

Appendix 8.7: Environmental Noise modelling results

Appendix 8.8: Facade Composite sound insulation performance calculations

Appendix 9.1: Air Quality Standards and Objectives

Appendix 9.2: Dust and Particulate Emission Management Plan

Appendix 9.3: Model Input Parameters

Appendix 9.4: Comparison of Results using Alternative Model

Appendix 9.5: Comparison of Results using Coastal Effects Module

Appendix 9.6: Environmental Assessment Levels for the Protection of Vegetation and Ecosystems

Appendix 9.7: Committed/ Proposed Development Results

Appendix 9.8: Human Health Risk Assessment Report (July 2022)

Appendix 10.1: Health Impact Assessment (July 2022)
